**Bounty Inspector endorsement**

I, \_\_\_\_\_, duly appointed Petroleum County bounty inspector, have reviewed the bounty claim presented, the animal pelt(s) and the stockholder verifications and hereby approve/disapprove (circle one) the same for \_\_\_\_\_ coyotes. I have removed the four feet on each animal as required.

Bounty Inspector: \_\_\_\_\_

Date: \_\_\_\_\_

## **PROCEDURES FOR BRINGING A COYOTE IN FOR INSPECTION AND CLAIMING A PREDATOR BOUNTY**

- 1. Present either whole coyote carcasses or green hides with all 4 feet still attached to a County Bounty Inspector during normal business hour 9-5 Mon-Fri. After removing all 4 feet of each coyote, the inspector will sign his/her portion of the predator bounty affidavit.**
- 2. Ensure you fill out and sign the predator bounty affidavit. This includes having two stock holders in Petroleum County attest that the coyotes being claimed were killed in Petroleum County. Also ensure that the affidavit is either signed by a MT state Notary Public or a bounty inspector affirming the truth of the claim.**
- 3. Once you have completed the affidavit and had all claimed coyotes inspected properly, turn the completed affidavit to the Petroleum County Clerk and Recorder's office during normal business hours. Claims will be paid once a month after regularly scheduled commissioner meetings. Ensure that a current mailing address is listed under the claimants address portion of the first page of the affidavit, as this is where the bounty check will be mailed.**
